

TERMS & CONDITIONS OF ENROLMENT FOR 2026/27

LEGALLY BINDING TERMS & CONDITIONS OF ENROLMENT FOR UNDERGRADUATE, POSTGRADUATE & ALL OTHER STUDENTS ENROLLING WITH THE UNIVERSITY OF GREATER MANCHESTER (INCLUDING AT FRANCHISE CENTRES)

Important Notice: Set out below are the University of Greater Manchester's ('the University') Terms & Conditions of Enrolment for all students who wish to study at the University. These Terms & Conditions of Enrolment together with your offer letter, the University's Student Admissions Policy, Course Fees Policy and other University Rules, Regulations, Policies and Procedures that apply to students (available on the University's Student Policy Zone) will form an essential part of the contract between the University and you (the student). Please read this document and all other information carefully.

If you are a continuing student, you will be required to enrol for each year of your study (using the University's on-line enrolment process) and to make yourself aware of the most recent version of the Student Admissions Policy, Course Fees Policy and other University Rules, Regulations, Policies and Procedures that apply to students (available on the University's Student Policy Zone). You will be required to read and accept the current version of these Terms & Conditions of Enrolment, which will be an update to your continuing contract.

If you have any queries regarding this documentation then you should make further enquiries of the University prior to commencing the enrolment process.

As part of the enrolment process, you will be asked to carefully read and understand each condition below; please note that after reading each condition you will be asked to tick an acceptance box to indicate your agreement to all the conditions. The enrolment process will be concluded once you have ticked the acceptance box to indicate your agreement to these Terms & Conditions of Enrolment and the University will then confirm to you completion of your enrolment to study. At this point these Terms & Conditions of Enrolment will be legally binding on you and the University.

If you decline to accept each condition of enrolment you will not be considered as enrolled and you will be considered as wishing to terminate your contract with the University – in which case you will not be entitled to attend classes and/or have access to the University's services and facilities.

Student Finance England - Please be aware that it is your responsibility to apply to Student Finance England for a tuition fee loan to pay for your course fees at the University, if this is the method by which you choose to pay. To ensure your funding arrangements are in place, you are advised to promptly submit your application to Student Finance England as soon as you know the details of the course you are to study. You do not have to wait until you have received your offer to study from the University. The University is not able to make an application to Student Finance England on your behalf. Further information on tuition fee loan funding can be found at: www.direct.gov.uk/studentfinance

Cancellation – At enrolment the University agrees to provide educational services and you will become liable to pay tuition fees for that service. You are entitled to cancel this contract, without reason, any time up to 14 calendar days after enrolment. To exercise the right to cancel, you must inform the University in writing at: University of Greater Manchester, Student Data Management, Deane Road, Bolton, BL3 5AB; or by email to

sdm@greatermanchester.ac.uk or you may use the Enrolment Cancellation Form available here <https://share.hsforms.com/1P2ODA44kS7qyPJ9YyjFVFW2dcrn>. The 14 calendar days is calculated from the day after you complete your enrolment or 14 calendar days from the day after the published start date of the course, whichever is the latest.

If you cancel within 14 calendar days of enrolment in accordance with the above, the University will refund any monies paid by you or your sponsor at enrolment. The University will make the refund using the same means of payment as you used for the initial transaction and the money will be sent to the same person or organisation who made the initial payment to the University.

In the event that you do not cancel your enrolment within the 14 calendar days in accordance with the above you will be deemed to have read and accepted these Terms & Conditions of Enrolment. If you commence attendance on a course of study prior to enrolling or during the cancellation period you will be liable to pay the University an amount in accordance with the Course Fees Policy 2026/27 until you communicate cancellation to the University.

Course fees are reviewed annually by the University and published in advance of the course start date. Regulated fees for home students are set in accordance with the maximum tuition fee cap set by government. Home Undergraduate fees are subject to a maximum regulated fee set by the government - currently £9,535 for 2025/26 and will increase from 1 August 2026. The tuition fee set is based on the regulations and guidance in force at the time of offer but remains subject to adjustment in accordance with any government-approved inflationary increase. The University is able to charge this fee subject to receiving approval from the Office for Students for its Access and Participation Plan for the relevant academic year. The University reserves the right to amend tuition fees for all years of study, including the first year, by no more than the maximum increase permitted under legislation and regulatory guidance issued by the UK Government and the Office for Students. Where such increases are approved, they will not exceed the rate of inflation, as measured by an appropriate index such as the Consumer Prices Index (CPI), or any successor measure specified by government. The University will apply any adjustment consistently across affected student cohorts and will give reasonable notice to students of any confirmed change to the published fee before the start of the relevant academic year.

Below are the statements that you will be asked to read and accept as conditions of your enrolment at the University which form an essential part of the contract between us for your course of study at the University.

The University may have to make changes to your contract during your course. Such changes will be fair and normally take effect at the start of the next academic year, which will be communicated to you in annually reviewed and updated Terms and Conditions of Enrolment. You will be asked to read and accept the most recent version of these Terms and Conditions upon re-enrolment. Should it be necessary to make changes during the academic year, we will communicate such changes to you.
